Hey Micah –

I need to schedule a working meeting with you to complete the study. I am having difficulty understanding the different classes of sites (inside project area, outside MUP limits, outside project area, avoidance area). Please let me know when you are available next week. I would like to set up a 4-6 hour meeting so that we can complete the study and make sure that it is understandable to the lay person. Also on another note, did the cultural studies analyze the new road that will be constructed to access the Gen-Tie line?

Thanks,

*Donna Beddow*
